

# **Create Your Own Fossil To Display**

## **What you'll need:**

- **1 Cup of used coffee grounds**
- **½ cup of cold coffee**
- **1 Cup of flour**
- **½ Cup of salt**
- **Wax paper**
- **Mixing bowl**
- **Some small objects to make impressions in the dough**
- **Empty can or butter knife**
- **Toothpicks optional**
- **String to hang your fossil optional.**

## **How To Make It:**

**Stir together the coffee grounds, cold coffee, flour and salt until well mixed.**

**Knead dough together and then flatten it out onto the waxed paper.**

**Use the can to cut out circles of the dough or use a dull knife to cut out slabs large enough to fit your fossil objects.**

**Press your objects firmly into the dough.  
When you take the object out, you have your  
fossil.**

**If you want to hang the fossil, poke a hole  
into the edge to hold the string.**

**Let the fossil dry overnight and then hang it  
if you wish.**

**Have fun with this great project.
